

Lisa's List

The following is a list of places where those in need in New London County CT can obtain a variety of assistance, care, and services. There is information for infants, young adults, elders, disabled, those in recovery or seeking substance abuse assistance, those facing homelessness, legal assistance, domestic violence assistance, and more. Some of the places in Lisa's List are countrywide but most focus on Southeastern, Connecticut.

Many places and organizations **offer a variety of services** so check them out **carefully**. They have been categorized by what I consider to be their Main Focus but many offer more than that.

I would love to broaden this list so if you have any places to add that serve New London County please use the contact form located at www.lisabethdarling.com to send me your information.
